

## Pupil Premium Strategy Statement 2022/2023: St. Oswald's Worleston CE Primary

This statement details our school's use of pupil premium (and recovery premium for the 2022 to 2023 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

#### **School overview**

Detail	Data
School name	St. Oswald's Worleston
Number of pupils in school	109
Proportion (%) of pupil premium eligible pupils	15/109 (14%)
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021 – 2022 2022 – 2023 2023 - 2024
Date this statement was published	October 2022
Date on which it will be reviewed	October 2023
Statement authorised by	J Cliffe
Pupil premium lead	J Cliffe
Governor / Trustee lead	Sheila Loughlin

### **Funding overview**

Detail	Amount
Pupil premium funding allocation this academic year	£24210
Recovery premium funding allocation this academic year	£2755
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
<b>Total budget for this academic year</b> If your school is an academy in a trust that pools this funding, state the amount available to your school this	£26965
academic year	

## Part A: Pupil premium strategy plan

#### Statement of intent

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already higher attainers.

We will consider the challenges faced by all our vulnerable pupils and the activity outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

Our aim is to ensure that our pupils are not disadvantaged as a result of their socioeconomic context. Disadvantaged pupils within an advantaged area face other challenges which as a school we are very aware of. We believe that with the correct support all pupils can achieve their full potential, as long as the provision meets their needs.

Our ultimate objectives are to:

- Remove barriers to learning created by poverty, family circumstance and background
- Narrow the attainment gaps between disadvantaged pupils and their non-disadvantaged counterparts both within school and nationally
- Ensure ALL pupils are able to read fluently and with good understanding to enable them to access the breadth of the curriculum
- Develop confidence in their ability to communicate effectively in a wide range of contexts
- Enable pupils to look after their social and emotional wellbeing and to develop resilience.
- Access a wide range of opportunities to develop their knowledge and understanding of the world

#### Our context

The school serves the village of Worleston and surrounding area with a catchment that is socially and economically mixed with a broadly average proportion of pupils eligible for free school meals (13/109 children 12%). The proportion of pupils with special educational needs and/or a disability is high (16/109 children 15%) including two cared for child (CFC) two pupils who are post- cared for (adopted), and six different children with Education Health and Care Plans (EHCP). This is 6% of our school population on EHC Plans which is higher than the national average and provides varied challenges to sustainability of provision for these children with significant need. The school has grown significantly since it was last Section 5 inspected by Ofsted in 2014, when it had 59 pupils. The school is popular with Traveller families and 6 pupils are of Traveller heritage from a nearby Traveller Site within catchment. We have 6 children from Traveller Heritage that are currently on our Pupil Premium Register. The Traveller Community within

the school have, at times, had periods of prolonged absence which can negatively affect the school's overall attendance figures. Relationships with the school are strong and as a direct result, attendance has been more consistent. This has been particularly evident during the COVID pandemic where all the traveller community returned back to school.

Achieving our objectives:

In order to achieve our objectives and overcome identified barriers to learning we will:

- Provide all teachers with high quality CPD to ensure that pupils access effective quality first teaching
- Provide targeted intervention and support to quickly address identified gaps in learning including the use of small group work, 1:1 tuition
- Target funding to ensure that all pupils have access to trips, residentials, first hand learning experiences
- Provide appropriate nurture support to support pupils in their emotional and social development. 3 This is not an exhaustive list and strategies will change and develop based on the needs of individuals.

This is not an exhaustive list and strategies will change and develop based on the needs of individuals.

Key Principals:

We will ensure that effective teaching, learning and assessment meets the needs of all pupils through the rigorous analysis of data. Class teachers will identify through the class pupil premium plan specific intervention and support for individual pupils which will be reviewed at least termly. Alongside academic support, we will ensure that those pupils who have social, emotional and mental health needs will access high quality provision from appropriately trained adults.

### Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Pupils entering the EYFS with language and listening skills below their developmental age and stage. A lack of early language skills within the early years impacts on pupil's ability to hear sounds when practising blending and segmenting. Thus impacting on early reading and fluency.
2	Our Reception baseline assessments often highlight areas of weakness with our disadvantaged children such as fine and gross motor skills, speech and language delay.
3	Pupils unable to self-regulate and manage emotions in an age appropri- ate way. Often presenting with emotional behavioural difficulties

4	Our disadvantaged children often struggle to reach a good level of devel- opment at the end of Reception
5	Our disadvantaged children often struggle to make a 'flying start' in phon- ics, spelling and reading at the end of Reception and Key Stage 1
6	Our assessments and observations evidence that the well-being of many of our disadvantaged pupils have been impacted by partial school clo- sures to a greater extent than for other pupils (this is supported by na- tional studies). This has resulted in more significant wellbeing / pastoral and mental health needs and support for the family.
7	Observations and discussions with pupils evidence that the majority of our pupils have limited experiences beyond their immediate environment little cultural capital experiences. This impacts on pupils understanding of elements of the curriculum and further on language and communication.

#### **Intended outcomes**

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
To improve oral language and communica- tion skills	Assessments (speech and language ther- apist reports, teacher assessments) and observations indicate significantly im- proved communication and oral language skills.
Pupils are able to self-regulate and man- age emotions in appropriate way.	In house progress data shows movement in developmental strands for pupils.
Reduce the gap between non PP and PP pupils achieving Greater Depth in Reading, Writing and Maths at the end of KS2. To achieve and sustain improved % of chil- dren working at age related expected or all pupils in our school, particularly our disad- vantaged pupil. Increase the number of disadvantaged pupils achieving 'high standard' at KS2	In school tracking data (O track) and end of Key Stage (GLD, KS1 and KS2) as- sessments will show an increase in the number of children working at age related expectation year on year and an increase in the number of disadvantaged pupils achieving the higher standard at the end of KS2.
To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupil	Sustained high levels of wellbeing / men- tal health from 2022/2023/24 demon- strated by: • Qualitative data from pupil voice, pupil and parent questionnaires and teacher observations • A reduction in the number of wellbeing / mental health concerns raised by parents and staff. Evidenced by MDT meetings,

	Safeguarding meetings, behaviour tracker and mental health care plans. • Observations of children's engagement in learning
Improve cultural and childhood experience for all pupils across school.	Cultural capital experiences (visits and visitors included) are planned and em- bedded in our curriculum. A wide range of free (or very low cost) extra-curricular ac- tivities are available to all pupils

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

#### **Teaching (for example, CPD, recruitment and retention)**

Budgeted cost: £6967

Activity	Evidence that supports this approach	Challenge number(s) addressed
Communication and Language 1-Helicopter stories, word a day used with all EYFS pupils and as a result the children develop the necessary skills to hear pho- nemes when practising oral blending and seg- menting, developing early reading skills RWINc Phonics lead in school to support staff, modelling phonic ses- sions, support new to school staff to enable consistency across EYFS, KS1 and inter- vention groups in KS2. RWINc Phonics Lead to monitor teachying and assessments of phonics and early reading across EYFS, KS1 and intervention groups in KS2. RWINc consultant to review practise with RWINc Phonics Lead- January 2023.	Detailed research into appropriate as- sessment and intervention tools using EEF recommendations and evidence based upon previous years trials with Speech and language therapists. Consistently good provision (environ- ment, assessments & practice) pro- vides communication experiences, language development, reading and writing progress. The systemic review commissioned by the EEF 'Early Lan- guage Development' reinforces the above approaches to be in line with best practice, especially in terms of adult interactions – hence the need for additional staff to model this. EEF EY Toolkit Evidence: Overall, studies of communication and lan- guage approaches consistently show positive benefits for young children's learning, including their spoken lan- guage skills, their expressive vocabu- lary and their early reading skills. On average, children who are involved in communication and language ap- proaches make approximately six months' additional progress over the course of a year. The EEF toolkit states that Oral Language impact de- velopment (Average impact +5 months). The EEF toolkit states that phonics approaches have a moderate impact (+4 months).	1

High quality marking and assessment used to identify gaps in learning. Individual misconcep- tions are addressed before the next lesson as part of our 'Green for Growth'. Teachers will work directly with the child before the start of the next les- son.	EEF Toolkit and evidence of best practice - Small Group Work (Aver- age impact +4 months), Feedback (high impact for very low cost +8 months)	1 and 3
Target interventions put in place to address gaps in learning identi- fied at our termly Pupil Progress Meetings. Impact of interventions reviewed half termly.		

## Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £9,192

Activity	Evidence that supports this approach	Challenge number(s) addressed
Additional teaching and teaching assistant hours to deliver inter- ventions and targeted support.	EEF toolkit : Small Group Work (Av- erage impact +4 months), Feedback (high impact for very low cost +8 months)	3
Interventions to deliver a range of pro- grammes including 1:1 reading, additional RWINc sessions, Plus 1, Power of 2, IDL (Reading and Spelling), Speech and Language therapy, Precision Teaching and Pre learning.		

## Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £10806

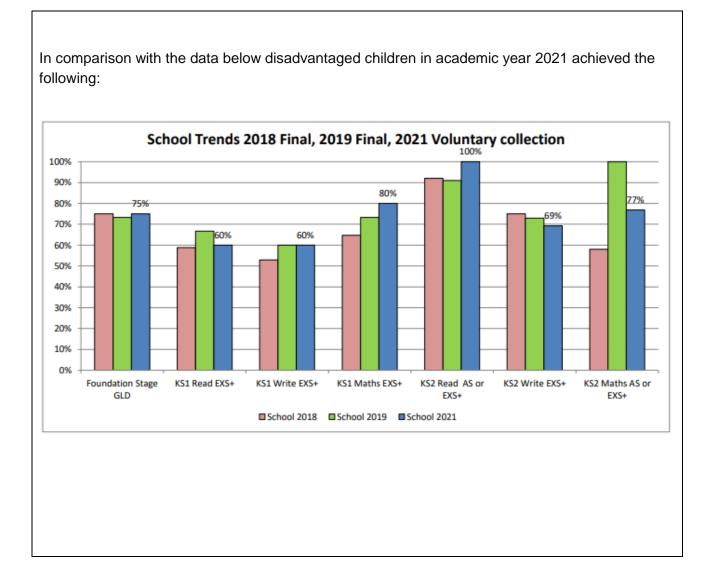

Activity	Evidence that supports this approach	Challenge number(s) addressed
School staffed with Pastoral Manager, DSL team, Mental health First aiders for adults and children, SEND Manager and SENCo.	EEF toolkit identifies that the follow- ing all have a positive impact. Behaviour intervention ( + 3months) Social and emotional learning (+ 4 months)	2 and 4
Heartsmart (Emotional Resilience) delivered from Year 1 upwards.		
Implement ELSA		
Experiences and visi- tors planned for all pu- pils across the year Provide a wide range of extra-curricular ac- tivities, the vast major- ity of which are cost free, to allow children to participate experi- ences that are not pro- vided within the home environment.	Research Evidence for approach EEF toolkit - Social and Emotional Devel- opment (Average impact +4 months) Arts participation (+2 months) Behaviour interventions- (moderate impact +3 months) Outdoor adventure learning (+4 months)	5.
Forest school sessions		

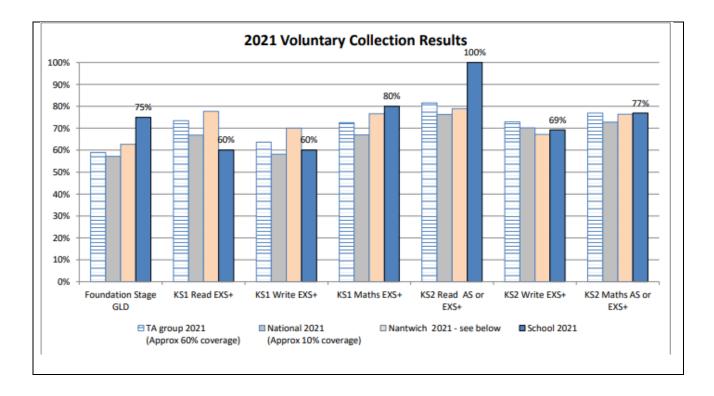

#### Total budgeted cost: £26965

# Part B: Review of outcomes in the previous academic year

#### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

#### **Externally provided programmes**

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Programme	Provider
TT Rockstars	Mathletics
Purple Mash	IDL English and IDL Maths
Pathways to Progress	Pathways to Reading
Power of 2 Maths	Plus 1 Maths
Pathways to Spelling	
Precision Teaching	
Heartsmart	

## Service pupil premium funding (optional)

For schools that receive this funding, you may wish to provide the following information:

Measure	Details
How did you spend your service pupil premium allocation last academic year?	NA
What was the impact of that spending on service pupil premium eligible pupils?	NA

## **Further information (optional)**

Use this space to provide any further information about your pupil premium strategy. For example, about your strategy planning, or other activity that you are implementing to support disadvantaged pupils, that is not dependent on pupil premium or recovery premium funding.
