'A Caring Christian Family Where We Grow Together'

Wednesday 1st May 2024

Dear Parents and Carers

We are delighted to welcome PC Andrew Cornall from Cheshire Police into St Oswald's to lead a parent workshop on: Keeping your Child Safe online

The session is open to all parents regardless of the age of their child but will be of particular interest and importance to those who have children with mobile phones or access to tablets, laptops or PCs. The presentation will cover current risks from the online world, awareness of the functionality of the main apps young people are using and simple strategies parents and carers can utilise to reduce the risk of children coming to harm online. It is an extremely useful session and I know those parents who have attended previously felt well informed at the end of it.

As I am sure you are aware from some of my correspondence and sections on the newsletter, mobile phone issues and internet access and use are a growing concern in St Oswalds as it is in all schools. All incidents with phones and internet happen outside of school hours but the repercussions and impact are most often felt back at school. It is only by working together that we can educate our young people and ensure that the online world is used safely and appropriately for all.

If you would like to attend the workshop session, please complete the relevant form on school spider to book onto the event.

Due to the nature and content of the presentation this session is not suitable to attend with children.

**Parent Workshop: Tuesday 21st May at 8.45am
St Oswald's School Hall
Keeping your Child Safe Online**

We thank you for your support and hope it will be an insightful workshop for all of our school family. If you have any questions, please don't hesitate to contact me.

Kind regards

Mrs Louise McDonough
Principal
